Called 719-742-0286 after receiving voicemail on my direct line.

I-334-001 | Lives in the area of Sheet Map 4...her house, barn, and outbuilding were not shown on the maps
I-334-002 | displayed in August at the public meetings. She is concerned about routes bisecting properties,
I-334-003 | including hers. Home was on the market and had to be taken off due to this project because in good
 faith they could not sell it knowing the route could cut their property in half. Concerned that they were
 not notified of the project...did not receive post card. Would like a project representative to come
 discuss/tour project with her and her neighbors during PUC meetings scheduled for November 9th or
 10th.
